31	SES/VdH 703	4.08
32	SES/VdH 704	3.66

Established Mean	2.00
Trial Mean	2.34
CV (%)	34.73
Mean LSD (0.05)	0.93

* Established varieties

Ratings taken in early July are considered "Early Infection" scores

Lower values indicate better disease tolerance: (0)=Excellent >>>> (9)=Poor

Average ratings based upon multiple rating dates and individuals
